Education

Northeastern University, Boston, MA

April 2026

Bachelor of Science in Computer Science and Design

Honors: John Martinson Honors Program, Dean's List

Relevant Coursework: Human-Computer Interaction, Information Visualization, Typography 1 & 2, Interaction Design 1 & 2

Relevant Experience

Graphic Designer and Marketing Intern

July - December 2024

Paul Lukez Architecture, Somerville, MA

- Established a consistent visual brand identity across 15+ client-facing deliverables by designing proposals, presentation decks, and branded print collateral from pitch through final delivery
- Equipped the firm with a reusable library of wayfinding and presentation assets, producing 3 accessibility and recycling icons, 6 competition posters, and 4 project booklets by applying architect-created renderings, brand templates, and professional images of actual built projects
- Positioned the firm's Vertical Farming initiative for prospective investors by translating technical sustainability research into a clear, non-technical booklet, co-developed with the firm's architects and researchers

Freelance Brand Designer

April - July 2024

B&N Sandwiches, Remote

- Repositioned a deli-style sandwich shop into a full sit-down restaurant by designing a complete bilingual English/Vietnamese brand identity spanning logo, menus, signage, TV displays, and print collateral
- Drove 300+ customers and 1,000+ items sold within the restaurant's first several weeks by producing the promotional materials that supported its launch campaign

Brand Designer

September - December 2024

Sandbox at Northeastern, Boston, MA

- Grew awareness of the organization's competitive recruiting process and expanded its applicant pool by designing a full suite of recruiting and event social graphics, in partnership with the Head of Brand
- Secured final concept approval from a live client by collaborating with UX designers and developers to prototype logo, color palette, and naming directions, then presenting the recommended direction directly to the client

Media Specialist

April 2023 - April 2024

NU Barkada, Boston, MA

- Boosted Filipino Community Conference attendance from 50 to 80 (a 60% increase) by delivering 60+ branded social and print assets over the year, including a full graphic suite for Husky Global Fair (400+ attendees)
- Generated \$5,000+ in merchandise sales by sourcing vendors and coordinating production timelines for a five-piece line, including the organization's first sticker refresh in three years
- Produced a lasting library of event recap and promotional videos for the organization's YouTube channel and Instagram, filming and editing in Premiere Pro, CapCut, and Canva alongside another e-board member

Projects

ISA: Senior Capstone Project

January - April 2026

Northeastern University, Boston, MA

- Crafted a distinct, culturally rooted brand identity for a Filipino-American fashion e-commerce concept, designing two hand-drawn logos incorporating Baybayin script and a complete brand guidelines booklet
- Earned praise from faculty for the project's real-world viability by building a multi-screen Figma prototype and presenting the complete brand system at the senior showcase gallery
- Extended the brand identity into a cohesive unboxing experience by translating it into an end-to-end packaging system, including branded mailers, die-cut stickers, and bilingual English/Tagalog thank-you cards

Skills

Design Software: Adobe Creative Suite (Illustrator, InDesign, Photoshop), Figma

Content & Video: Premiere Pro, CapCut, Canva

Core Competencies: Brand identity systems, print production, client presentations, cross-functional collaboration
